

# SPRAYER TANKS

Ideal for crop spraying, general agricultural use and convenient water storage

**30  
SIZES  
1,500 TO  
30,000  
LITRES**

- Landscape watering and recreational purposes
- Horticultural and Market Gardens
- Groundskeeping and sporting stadia
- Toilet flushing in industrial, commercial, hospital or school environments
- Equine and agricultural establishments
- Irrigation and/or wash-down facilities
- Rainwater, being non-chlorinated, is better for plants and gardens
- Civil engineering applications where mains water is unavailable

30 cubic metres

## SKID MOUNTED BOWSERS

Galvanised and built to withstand rough treatment  
Flat grain trailers, or hook lift

### AGRICULTURE

- Water and fertiliser for sprayers and spreading
- Plant watering
- Irrigation
- Molasses transport
- Slurry
- Nurse tank for crop sprayers

Enduramaxx tanks are constructed with a seamless rotational mould for strength, impact and corrosion resistance.

UK made and ready to deliver

## LIQUID FERTILISER TANKS AVAILABLE

- Saves money
- Reduce mixing time
- Minimise waste
- Fill fast
- Fertiliser will not settle out or need constant agitation
- Storage of liquids with a high specific gravity
